APP5325	Autolight Double Platinum Spark Plug	4	10.90	43.60T
Freight	Haul Machine Back & Forth	1	175.00	175.00
Labor	Unit smokes badly & run poorly per Jeremy = get unit into shop to diagnose. Install cooling system pressure tester to unit = coolant leaking internally in engine & radiator also leaking, remove radiator & send thru machine shop to be cleaned/repared. Re-install radiator w/ new hoses/clamps, add new anti-freeze coolant to system & bleed system of air, change spark plugs = wet, unit runs but not the best = talk with Scott about updating machines & sent him photos of the CLARK forklift to be put on Del Peterson Auction = complete HOURS OUT = 8124	5	75.00	375.00T

Thank You!
